

## CoCo Martinez

July 20, 2023

CoCo was my very first Chinchilla! My wife bought her for me on Oct 31st in 2020. She was an awesome pet. Her fur felt like silk. She was always quiet except when she was running around playing. Every time I would go into my room to get my cloths, she would pull on shirt to pull me to her! She liked these chinchilla cookies, and she would take out of my hand and go back to her cage and eat it. When she grabbed her cookie on the way down, she would lick my hand. Chinchillas are beautiful pets!!
